## EDUCATION

### **Master of Arts – M.A. in Public Relations, Advertising & Social Media**

Point Park University • 04/2027

### **Bachelor of Arts & Science – BASc in Computer Science**

Point Park University • 04/2024

## WORK EXPERIENCE

### **Pennsylvania Macaroni Company • Remote • 06/2025 – Present**

#### **Web Developer**

- After being promoted to Lead Developer, I used Angular to create a new site that promoted user experience, responsiveness, accessibility, and performance optimization.
- Fully redesigned and redeveloped the PennMac e-commerce website, creating a modern and responsive design that enhanced user experience and improved customer engagement.
- Added new pages and shop items to the site weekly, allowing thousands of customers to purchase the latest items for delivery or store pickup.

### **First National Bank • 05/2023 – 09/2023**

#### **Application Development Co-Op**

- Collaborated in the development of an internal loan-review application using Angular, Java, and SQL during a full-time Application Development Co-Op at FNB.
- Gained hands-on experience in leading an Angular project from conception to completion.
- Led daily team meetings to discuss project progress, enhancing communication and teamwork skills.

### **Staples • 06/2022 – 07/2023**

#### **Technology Associate**

- Delivered effective troubleshooting for over 100 technical issues, resulting in improved customer loyalty and positive feedback.
- Exceeded enrollment targets by 30% through driving the highest number of reward account sign-ups in the district, elevating team performance and boosting customer engagement.

## **Red House Communications, Inc. • 08/2017 – 06/2018**

### **Student Intern**

- Acquired in-depth understanding of advertising design, resulting in creative output and large contributions to the overall success of multiple advertising campaigns.
- Increased user satisfaction by developing intuitive web interfaces, leading to a more positive user experience and improved brand perception.

## **The Outreach Team • 09/2022 – 11/2024**

### **Community Campaign Staff**

- Delivered a significant increase in voter turnout by executing statewide door-to-door canvassing, igniting civic engagement, and enhancing political activism.
- Engaged in multiple diverse communities, resulting in numerous meaningful conversations, showcasing exceptional communication skills and positively impacting voter engagement.

### **Team Lead/Supervisor • Full-time**

- Led daily practice sessions focused on refining public speaking techniques- enhancing communication skills, and boosting team confidence, resulting in noticeably improved overall team performance and morale.
- Worked closely with campaign directors to gain in-depth knowledge of the administrative side of voter registration efforts. Proficient in using key applications like Blocks, ShinyMaps, VAN, and Google Suite to manage data, streamline operations, and support strategic decision-making. This hands-on experience has provided valuable insights into campaign logistics, data analysis, and effective resource allocation.
